Dear Sirs:

Agent for Applicant acknowledges receipt of office action dated November 24, 2003 and responds as follows:

AMENDMENT TO SPECIFICATION

Agent for Applicant requests that the following amendments be made to the specification without adding any new subject matter. The additions thereto are in dashes, while the deletions therefrom are contained in square brackets.

Paragraph 6, Page 8

Referring to Fig. 1, there is illustrated in a system resource flowchart the preferred embodiment of the present invention illustrated herein. In particular, Fig. 1 illustrates the resources that comprise the private communication portal or "PCP" 10 of the present invention. PCP 10 comprises a dual computer architecture further comprising a [Server Computer 12 and] first computer or Private Server 14 and server computer or second locator Server Computer 12 It should be understood that Private Server 14 may comprise a network station, personal computer terminal or server, provided that such
